SUMMARY

As a cum laude graduate holding a Bachelor of Science in Information Technology from the Technological University of the Philippines - Taguig, I am driven by a passion for leveraging technology to create meaningful change. With a solid foundation in IT concepts and a commitment to continuous learning, I am equipped to contribute effectively to the development of cutting-edge technologies. My goal is to apply my knowledge and skills to innovate solutions that address real-world challenges and drive positive impact.

WORK EXPERIENCE

Freelancing | Fullstack Developer | Quality Assurance   Jan 2022 - Present

- Skilled in MERN Stack, Laravel, and PHP for web, tablet, and mobile development
- Experienced with Twilio SMS API and PayMaya/Maya integration
- Strong problem-solving and analytical skills
- Experienced in Quality Assurance across multiple platforms
- Proficient in test case creation, bug reporting, and functionality testing
- Focused on delivering high-quality, user-friendly, and efficient solutions

Junior Fullstack Developer | Quality Assurance | Modulus Labs PTE. LTD.   Jan 2025 - Aug 2025

- Developed backend services using AWS Lambda, API Gateway, Secrets Manager, and S3
- Built and integrated applications with React, Next, and Nest, utilizing PostgreSQL for database management with TablePlus
- Created and documented APIs using Postman and Swagger
- Assisted the QA team in testing POS, API functionalities, and security vulnerabilities using Burp Suite
- Created detailed tickets and documentation in Jira and Confluence
- Wrote unit tests to ensure code quality and reliability

Junior Fullstack Developer | Quality Asurance | Premise | Xpay   Oct 2024 - Jan 2025

- Studied and implemented design patterns and identified anti patterns to improve code quality and maintainability
- Implemented swagger in repositories for comprehensive API documentation
- Implemented unit testing in repositories to enhance code reliability and minimize bugs
- Performed QA testing on new and existing features while collaborating with the QA team to ensure functionality and stability

Internship | Fullstack Developer | Quality Asurance   Aug 2024 - Sept 2024

- Cadet developer at Xpay.Worldwide Corporation / Premise
- Developed user stories, flowcharts, ERDs, and defined API endpoints for project planning
- Designed wireframes using Figma for UI/UX development
- Built the backend with Nest, Prisma, and PostgreSQL for scalable architecture
- Developed the frontend using Next for a dynamic user interface
- Integrated PayMaya / Maya for seamless payment processing
- Conducted QA testing on new and existing features to ensure system quality

Internship | System Administrator | Odoo Developer   June 2024 - Aug 2024

- System admin developer intern at Meatworld International Inc.
- Managed backend database operations and Odoo.sh testing
- Enhanced frontend with Meta Pixel and Odoo UI integration
- Strong problem-solving and analytical skills
- Provided prompt customer support for user issues
- Created documentation for new intern onboarding

Internship │ Front End Web Developer │ Back End Developer   **May 2024 - June 2024**
- Fullstack developer intern at iCargo
- Utilized Laravel API for the backend and contributed to API integration
- Employed React and React Prime for the frontend
- Assisted in UI design and frontend logic implementation

Web3 Hackathon │ Front End Web Developer │ UI/UX   **November 12-13 2022**
- Finalist in a competition with 20+ participants
- Designed UI/UX for the NFT voucher website using Figma
- Utilized front-end skills to create a visually appealing and responsive interface

Yahu Delivery │ Front End Web Developer │ UI/UX   **Feb 2022 - June 2022**
- Developed a delivery website
- Optimized front-end tech for a better UX
- Designed intuitive UI/UX in Figma for customer and rider sites
- Improved app performance with Angular and Tailwind

EDUCATION

Bachelor of Science in Information Technology   **September 2020 - November 2024**
Technological University of the Philippines - Taguig

ADDITIONAL INFORMATION

- **Technical Skills:**
  - FRONT - END
    - HTML, CSS, SASS, SCSS, JavaScript, TypeScript, jQuery, React, Vue, Angular, Next.js, Tailwind, Bootstrap, MUI, Shadcn, DaisyUI
  - BACK - END
    - Node.js (Express, Nest, Fastify), Laravel, PHP, Java, AWS Lambda, AWS API Gateway
  - MOBILE
    - React Native, Android Studio
  - DATABASES AND ORMs
    - MongoDB, PostgreSQL, MySQL, MariaDB, Mongoose, Prisma, Drizzle, TypeORM, TablePlus
  - DEVOPS & DEPLOYMENT
    - Docker, AWS S3, AWS Secrets Manager, GitHub Actions, Render, Vercel, GitHub Pages
  - API & AUTHENTICATION
    - RESTful API, OAuth, JWT, JWE, Swagger
  - ORM TOOLS:
    - Mongoose, Prisma, Drizzle, TypeORM
  - DEPLOYMENT TOOLS
    - Render, Vercel, GitHub Pages
  - SECURITY & UNIT TESTING TOOLS
    - BurpSuite, Jest
  - CMS
    - Wix, WordPress, Odoo
  - QA TESTING & TOOLS:
    - Positive & Negative Testing, Smoke Testing, Sanity Testing, Regression Testing, White & Black Box Testing, Defect Tracking, Test Documentation, Root Cause Analysis, JIRA, Confluence, ITSM Ticketing, Excel, Google Sheets, Google Docs, Microsoft Word

- **Soft Skills:**
  - Time Mangement
  - Ability to Handle Pressure
  - Teamwork
  - Complex Problem Solving
  - Leadership
  - Strong Communication Skills

- **Languages:**
  - English
  - Filipino

- **Certifications:**
  - Certificate of Eligibility │ Civil Service Comission

- **Volunteering Activities:**
  - MongoDB Manila MUG Meetup #3: AI x MongoDB
  - MongoDB Manila MUG Meetup #2: Developer Show and Tell
  - DevCon Pro Summit 2023: Technology for Impact
  - Women in AI Masterclass 2023
  - Web 3 PH Summit 2022
  - DevCon Summit 2022 - DX3: Accelerating Enterprise Transformation with Web3

- **Seminars Attended:**
  - Tech-Talk Series 1: IT Careers and its Role in Software Development Lifecycle (2023) : Adapting and Learning the Art of Mobile and Software Application Development(2023)
  - Tech-Talk Series 2: Blockchain Development: The Ultimate Crash Course 2023) : Servers in your Fingertips through Cloud Computing (2023)
  - Tech-Talk Series 3: How to Elevate Web Games with AI Magic: ChatGPT Integration Unveiled (2023) : Navigating the Data Privacy Maze (2023)

- **Workshop Attended:**
  - HacktoberFest Celebration (2024)
